

OPTIONAL PRACTICAL TRAINING (OPT)

WHAT IS OPT?

Optional Practical Training (OPT) is a temporary practical training authorization that is directly related to the F-1 student's major of study as listed on the student's I-20. OPT employment authorization is granted for 12 months typically after completion of degree requirements.

ELIGIBILITY

WHO CAN APPLY?

The student must meet all the below criteria to be eligible for OPT:

- Maintain current F-1 visa status and continue maintaining F-1 visa status;
- Be enrolled on a full-time basis for one academic year before OPT application;
- Complete degree requirements within 90 days;
- Did not accrue more than 12-months of full-time Curricular Practical Training (CPT);
- Maintain only one online course towards full-time studies, even if final semester is summer;
- Be enrolled as a full-time student during the semester of completion, even if the semester of completion is a summer semester.
- If only one course is remaining during final semester, that course **MUST** be an in-person course; and
- If during final semester, student need less than full-time course load to complete studies, the student must apply and be approved for a Reduced Course Load for Final Semester by OISS prior to start of semester. This includes summer semester.

If you plan to spend one or more semesters outside the U.S. before applying for OPT, then you may not be eligible for OPT. Consult with an OISS advisor for OPT eligibility.

WHEN TO APPLY?

Students can apply for OPT up to 90 days before the program completion date and up to 60 days after the program end date. Though it is possible to apply for after completion of studies, OISS do not recommend doing so as the United States Citizenship and Immigration Services (USCIS) processing times vary and you may lose some of your 12-month employment authorization.

USCIS may take more than four months to adjudicate OPT application and issue the Employment Authorization Document (EAD). OISS encourages all students to apply as soon as they are able to apply. Even if you do not have a job offer, **it is imperative that USCIS receives your application as early as possible.**

NOTE: Students cannot apply for OPT on their own. OISS must recommend students for OPT in the Student and Exchange Visitor Information System (SEVIS). Students will receive an updated I-20 with OPT recommendation listed on page 2 of the I-20. Mailing your OPT packet without recommendation from OISS is an automatic denial of your OPT application.

WHAT IF I AM COMPLETING MY STUDIES DURING SUMMER?

To be eligible for OPT, students who are completing their studies during summer are required to maintain full-time enrollment AND maintain only one online course towards full-time studies. Students who have only one course remaining to complete their studies, must enroll in an in-person course to maintain their F-1 visa status. Students who need less than full-time requirements to complete their studies, must apply for Final Semester Reduced Course Load.

THINGS TO CONSIDER

WHAT IS MY COMPLETION DATE?

The completion date for students depend on the level and their program plan. Students are required to consult with their academic or graduate advisor to identify their completion date.

The completion date for undergraduate students is usually:

- The last day of final exams week during final semester of study as listed on the [MSU Academic Calendar](#)

The completion date for Master students depend on their program. The following are all possibilities:

- The last day of final exams week during final semester of study as listed on the [MSU Academic Calendar](#),
- Comprehensive exam Date, or
- Defense Date

The completion date for Ph.D. students could be:

- Dissertation Defense Date, or
- Dissertation submission date, or
- The last day of final exams week during final semester of study as listed on the [MSU Academic Calendar](#)

NOTE: Students with assistantship AND students who work on campus are ineligible for employment after the new end date (completion date) as listed on page 1 of the OPT I-20 without a valid EAD

WHAT START/END DATE SHOULD I USE?

Students have a choice of when they want the OPT to start. The earliest a student can start employment is the day after your completion date. The latest start date you can choose is 60 days after the completion date. Utilize the [Date Calculator](#) to get accurate start/end dates.

If you are unsure about what start date to choose, consider the following:

- If you have a job offer with a specific start date, then it is recommended to choose that start date.
- If you have no job offer, but you'd like to be eligible for employment right after your completion date, then you should choose a start date that is after but close to your completion date.
- If you have no job offer and you would like more time to search for jobs, then you should consider choosing a start date that is 40-55 days after your completion date.
- If you wish to allow USCIS as much time as possible to decide on your application, then you should apply as early as possible AND choose and a start date that is 55-60 days after your completion date.
- The end date to put on your application is 12-months after your start date. Example: 06/02/2020 – 06/01/2021
- For a link to a date calculator, visit the [Date Calculator](#)

NOTE: Whether you have a job or not, apply for OPT as early as possible. There are delays in processing OPT applications by USCIS.

WHAT HAPPENS WITH MY I-20 WHEN I APPLY FOR OPT?

The first step for recommending a student for OPT is to shorten the program end date as listed on page 1 of the student's I-20. A Designated School Official (DSO) accesses the SEVIS system and confirms that the student will complete within 90 days and list the completion date on the I-20.

The second step is to recommend the student for OPT. The DSO confirms that the student has maintained F-1 visa status and that the student is eligible for OPT. The DSO will then print the updated I-20 that has been shortened and the OPT has been annotated in page 2 of the I-20.

HOW TO APPLY

All F-1 students applying for OPT must complete the D2L online course "OISS - Optional Practical Training (OPT)" during the final semester. To register for the OISS - Optional Practical Training Course:

PENDING OPT INFORMATION

RECEIPT NOTICE AND TRACKING YOUR CASE STATUS

USCIS will send you an I-797, Notice of Action within 6-12 weeks after mailing the OPT application to USCIS. USCIS has recently reported that they "have received a significant increase in filings in recent weeks. This increase, along with facility capacity restrictions necessary to protect the health and safety of the lockbox workforce during the COVID-19 pandemic, is causing significant delays for processing receipt notices."

1. A text message that includes your receipt number for your OPT application.
2. An email with a brief statement on how to get additional information about the status of your case.
3. An I-797C Receipt Notice. This is your official proof of application.

You can use the Receipt Number listed on your I-797C, form to track your application at [USCIS online Case Status](#).

OPT PROCESSING TIMES

Processing time of OPT may take 4 months or more after USCIS receives your application. If approved, you EAD will be mailed to the address you detailed on your I-765. Visit [USCIS Case Processing Times](#) for information on processing times.

WHILE OPT APPLICATION IS PENDING

You are eligible to remain in the United States while your OPT application is pending. You are NOT eligible to conduct any practical training or employment while your OPT is pending. Attending work related orientation is considered a violation of your status. Volunteering for your employer or professor while your OPT is pending is also not allowed.

TRAVEL INFORMATION

REENTERING THE US WHILE OPT IS PENDING	REENTERING THE U.S. AFTER OPT APPROVAL

USCIS may send you a Request for Evidence (RFE) while you are away. You must respond to the RFE in a timely manner to avoid denial of your OPT application. - Email a copy of your EAD to OISS (oiss@msu.edu) immediately after receiving your EAD
- Be employed for a minimum of 20 hours per week in your field of study
- You are eligible to work more than one job as long as all employments are directly related to your field of study

- Employment can be paid or unpaid
- You must report your employment in the SEVP Portal
- Employment authorization will begin on the date listed on the EAD
- You must not exceed a total of 90 days of unemployment time for the entire OPT period

REPORTING REQUIREMENTS WHILE ON OPT

EMPLOYMENT REPORTING

F-1 students who are approved for OPT must register for the SEVP portal and report their employment and address information through the SEVP Portal.

It is MANDATORY for all students on OPT to report their employment and address updates to the SEVP Student Portal. Students who fail to report their employment and address updates in a timely fashion may risk violation of their F-1 visa status and have their immigration record be auto-terminated by SEVIS.

While on OPT, you are required to do the following:

1. Register for the SEVP Portal (read below for information regarding the portal)
 - a. Update your U.S. Address through the SEVP Portal and through the registrar website at www.registrar.msu.edu
 - b. Update your employment information through the SEVP Portal
 - c. If your EAD is mailed directly to you, email a copy of your EAD to oiss@msu.edu
 - d. In the Employment Remarks section in the SEVP Portal, you must detail the following:
 - i. Your degree and level (Example: Bachelor's degree in Economics)
 - ii. Employer Name (name of company – not your supervisor or owner) and Job title
 - iii. Major area of study
 - iv. Number of hours per week
 - v. List of job duties
 - vi. Brief explanation of how the job is directly related to the student's studies

Below are examples of how to report your employment in the SEVP Portal under the employment remarks section.

Example # 1

Bachelor's degree in Business: I work full time (25 hours minimum a week) as a Loan Officer at a mortgage company, called Happy Homes. In Happy Homes, I meet with clients and evaluate, authorize and recommend approval of loan applications. On a daily basis, I use the knowledge I gained in my credit analysis, sales and marketing classes that I took as part of my major program of study.

Example # 2

PhD in Electrical Engineering: I work full time as an Electrical Engineer at ABC Corp. I work a minimum of 30 hours a week at ABC Corp. In my job, I analyze client requirements for electrical systems and provide them with cost estimates of such systems. My work requires understanding of electrical circuit theory, which I studied in-depth at the University of ABC.

THE SEVP PORTAL

The SEVP portal allows F-1 students the ability to report address, telephone and employer information to SEVP without relying upon their immigration advisor or designated school official (DSO) to update their information. To use the SEVP Portal, students must confirm with their DSO that their email address is accurately saved in the Student and Exchange Visitor Information System (SEVIS).

The portal shares information with SEVIS but does not give students direct access to SEVIS. The SEVP Portal does not eliminate the need for a student to communicate with their DSO.

The SEVP Portal will allow students on OPT:

- View details about their post-completion OPT
- Report changes to their address, telephone and employer information
- View and update data on all their employers in one place

THE SEVP PORTAL ACCOUNT CREATION EMAIL

SEVP will email prospective SEVP Portal users important account creation information. However, the only emails the government will send students related to the portal are to create their SEVP Portal account or to reset their password. The sender of the email will be do-not-reply.SEVP@ice.dhs.gov. There is no cost associated with creating an account or accessing the portal.

The SEVP Portal will send the Portal Account Creation Email when the following criteria is met:

- The Student and Exchange Visitor Information System (SEVIS) shows that the OPT is approved by U.S. Citizenship and Immigration Services (USCIS) **AND**
- The OPT is for post-completion **AND**
- The email is sent on or after the OPT start date as listed on your EAD otherwise known as OPT card. Please allow up to 7 days after the start date listed on your EAD to receive the email.

NOTE: If you meet all the above requirements and you do not find the portal account creation email, check your spam/junk email folders of your MSU and personal email accounts. If you still cannot find the email, search this email address (do-not-reply.SEVP@ice.dhs.gov) in your email accounts. If you still cannot find the email, email OISS (ois@msu.edu) a copy of your EAD to request OISS to resend the SEVP Portal Email.

FAILURE TO REPORT YOUR EMPLOYMENT DURING OPT

F-1 students participating in OPT are allotted 90 days of unemployment, before they are considered to have violated the terms of their F-1 status. **If they exceed that period, they can be terminated from SEVIS and are subject to removal proceedings.**

ADDRESS REPORTING

You must report address changes of your local residence through the SEVP Portal within 10 days of moving to a new address. The address cannot be a P.O. Box or an office address. Report any address changes to SEVP Student Portal. Students are also required to update their U.S. address through MSU registrar office within 10 days of any changes.

HEALTH INSURANCE

OPT students may be able to get health insurance:

- Through an employer:** If you will be working at a job that offers health insurance coverage, you'll simply transition to your employer's health plan.

NOTE: US-based plans usually don't offer medical evacuation and repatriation (MER) coverage. An inexpensive policy for MER can be purchased at <http://www.medexassist.com/Individuals/Products/MEDEXSafeTrip.aspx>

- Through MSU Benefits Office:** Student who are approved for either OPT or Academic Training (AT) after graduation, their dependent family members are eligible to purchase health insurance. Please contact OISS for the enrollment form and a letter to prove your OPT status, then bring both documents to the MSU Benefits Office at 1407 S. Harrison Ste.140 for special enrollment.

- Buy a policy from private insurance company:** Learn more at <http://oiiss.isp.msu.edu/health-wellness-and-safety/us-health-care-insurance/>

NOTE:

1. Make sure you know when your current health insurance ends! If you are currently enrolled as a student through the Blue Care Network plan, contact the MSU Benefits Office or Blue Care Network to clarify the end date of your coverage.
2. OPT students can still be seen at the Olin Health Center, but will be asked to pay co-pay and deductible

GRACE PERIOD FOLLOWING OPT

Students who maintain their visa status while on OPT will receive a 60-day grace period starting the day after OPT expires. Only students who complete OPT AND do not exceed the 90-day unemployment limit receive the 60-day grace period. Before the 60-day grace period is over, students must:

- Depart the U.S.,
- Be approved for a change of your visa status from F-1 to another visa status,
- Receive a new I-20 to pursue a new academic program at MSU, or
- Transfer your SEVIS record (I-20) from MSU to another SEVP-certified institution.

Students who do not maintain their OPT status, must do one of the following before the 90-day unemployment limit expires:

- Depart the U.S.,
- Be approved for a change of your visa status from F-1 to another visa status,
- Receive a new I-20 to pursue a new academic program at MSU, or
- Transfer your SEVIS record (I-20) from MSU to another SEVP-certified institution.

STEM OPT

STEM OPT is a Practical work experience authorization that extends OPT for an additional 24 months for those who have earned a degree in a field included on the [Department of Homeland Security's \(DHS\) list of Science, Technology, Engineering, and Mathematics \(STEM\) fields](#). DHS grants STEM OPT extensions to eligible F-1 students once per degree level (i.e., bachelor's, master's or doctorate). A student may participate twice in the OPT extension over the course of their academic career.

Students must be employed by an employer that is enrolled in the U.S. Government's E-Verify program and the work is directly related to the field of study. For more information visit the [STEM OPT Extension Application](#).

Also, an employment offer or start date does not qualify under [USCIS's severe financial loss expedite criteria](#)."
